añadir paciente

The screenshot displays a REST client interface with a sidebar on the left containing icons for collections, requests, history, and a workspace. The main area is divided into two sections: the top section for the request and the bottom section for the response.

Request Section:

- Method:** POST
- URL:** http://localhost:8080/api/pacientes
- Buttons:** Send, Cookies, Beautify
- Tabs:** Params, Auth, Headers (10), Body (selected), Scripts, Settings
- Body Format:** raw (selected), JSON
- Body Content:**

```
1  {
2    "dni": "12345678",
3    "nombres": "Ana",
4    "apellidos": "Gomez",
5    "fechaNacimiento": "1992-10-20",
6    "telefono": "912345678",
7    "email": "ana.gomez@example.com"
8  }
```

Response Section:

- Status:** 201 Created
- Time:** 2.03 s
- Size:** 316 B
- Body Format:** {} JSON (selected), Preview, Visualize
- Body Content:**

```
1  {
2    "id": 1,
3    "dni": "12345678",
4    "nombres": "Ana",
5    "apellidos": "Gomez",
6    "fechaNacimiento": "1992-10-20",
7    "telefono": "912345678",
8    "email": "ana.gomez@example.com"
9  }
```

Medicos insert post

The screenshot displays a REST client interface with a sidebar on the left containing icons for a document, a list, a refresh, and a grid. The main area is divided into two sections. The top section is for the request, showing a **POST** method to the URL `http://localhost:8080/api/medicos`. A blue **Send** button is on the right. Below the URL bar are tabs for **Params**, **Auth**, **Headers (10)**, **Body** (selected), **Scripts**, and **Settings**. A **cookies** link is also present. The **Body** tab shows the request body in **JSON** format, with a **raw** dropdown and a **Beautify** button. The JSON body is a medical professional object with the following fields: `dni`, `nombres`, `apellidos`, `especialidad`, `numeroColegiatura`, `telefono`, and `email`. The bottom section shows the response, with a status bar indicating **201 Created**, **244 ms**, and **334 B**. The response body is also in **JSON** format, showing the same object with an added `id` field. The response section includes a **Body** dropdown, a refresh icon, and buttons for **Preview** and **Visualize**. A toolbar with various icons is located at the bottom right of the response area.

Request:

```
1 {
2   "dni": "87654321",
3   "nombres": "Dr. Carlos",
4   "apellidos": "Ruiz",
